

TELEGRAPHIC. FROM EASTERN ASIA

Two Millions for Claims Upon
Protecting Corps.

IN FAVOR OF AGGRESSIVE RUSSIA.

An Assessment That is Sure to
Cause a Stir Among the Best
of the Powers.

New York, Nov. 24.—A special in
the Herald from Mr. Pacheng says:
The New Year will be a special
epoch from Vladivostok, which, it
is said, will cause a stir in the world.

That Japan necessarily with-
draws from her continental policy in
Asia and acknowledges the over-
all right of Russia to hold Corea
and Manchuria within her sphere of
political and commercial influence.

A special sign of the liberal inten-
tions of the Corean government is the
appointment of the minister of foreign
affairs to cut off their virgin.

The Corean troops are to be reorganized
in two divisions, one to serve as a model
to replace the peasant guards.

The Corean forces reported in Su-

kiang are purely popular. There
are no more than two deaths. The mon-
arch of the Caucasus has been
assassinated.

Washington, Nov. 24.—Reports
published to-day tend to vindicate the
Chinese army sent to subdue the re-
volts in the western part of the Chinese
empire have been entirely falsified and
several of the officers have been killed,
while the rebels are now masters of portions
of several provinces.

Beloved Kingdom.

Washington, Nov. 24.—The Inter-
national Commission has just issued
a preliminary report on the in-
vestigation and distribution of silver
in Corea during the year ending
June 30, 1895, prepared by the
trusteeship committee. The return
shows 650 coins whose reports were filed
not before November 9, 1895, and
shows the operations of 104,322 mili-
taries in 32 of the 33 parts of the total
territory of the United States.

The total earnings were \$1,000,000,
of which \$800,000,000 were from
foreign extract, \$800,000,000 from
mines and \$20,000,000 were other
sources of operation, covering
various districts, and the mines
average annual earnings of \$1,000,000,
making a total annual earnings of
\$800,000,000, the unreported areas
are placed at \$20,000,000.

Admiral Michelin's Return.

New York, Nov. 24.—Admiral
W. A. Michelin, who was
officially received, has been retained
from his command of the European
squadron, "because of certain inci-
sions" was a passenger on the
steamer to Bourgogne, which
arrived here this afternoon. The powers
here have been informed that he
had written a letter to his son, a
young friend, congratulating him upon
his election to the office of chief
magistrate.

BIG DEAL IN SUGAR.

San Francisco, Nov. 24.—It is
stated that the arrival here of five of
the biggest sugar planters of Hawaii
undoubtedly a big deal in sugar,
which may result in a war with the
sugar trust. It presents the sugar
planters of Hawaii are under contract
with the sugar trust, and the price
per barrel paid is to be quoted in New
York on the day the sugar arrives,
minus 15 per cent. It is said that
the sugar planters want this to com-
mence in January, and are prepared to
fight to obtain their end.

NEW YORK CITY.

Lowell, Nov. 24.—The recent alarms
played and noise with the shipping
along the English channel and the
coast of the Atlantic.

The chief officer and five of the crew
of the steamer "Galaxy," owned by
James H. Dyer, were lost, while
a small boat, containing all the
exhausted crewmen.

A violent northeast gale which has
prevailed along the British coast, dur-
ing the past twenty-four hours, and
the loss of some of the Eng-
lish-Bengal service, and the most
severe winter since 1878.

He reports that a large portion of the
fleet remained in the harbor during
the year, and that revenues are in
creased by returning prosperity.

Mr. Wilson estimates the revenue for
the year at \$100,000,000, and the
difference to be made up by
Congressional appropriations.

PEPSI-COLA'S HEALTH.

New York, Nov. 24.—Dr. Lippert, the
physician of the paper says there
are no signs of improvement
of other fatalities, some of
which were from sun at dawn, most
frightening and mysterious.

He states that his patient kept to his
room owing to the cold, damp weather.

FOR BRITISH FREEDOM.

St. Louis, Nov. 24.—About 5,000
Irishmen and numbers of prominent
men of other nationalities, some of
whom were from out of town, met to-
night and celebrated this twenty-eighth
anniversary in commemoration of
the Manchester martyrs. Hon. Mar-
tin Kavanagh, of Brooklyn, made the
address of the meeting. He spoke
strongly in favor of Irish freedom and
said the end of the struggle would
come only when Ireland, as a nation,
should stand upright and inde-
pendent of Great Britain and not be
a part of it.

CHINA BUSINESS MONEY.

London, Nov. 25.—A dispatch to
the Times from Berlin says the
report that China is negotiating with
a German-English syndicate for a new
loan, for the purpose of securing
the payment of its debts, is not
entirely true. The Japanese
have already responded to the Japanese
at the conclusion of the recent
war. Attempts to negotiate the loan
in Paris failed.

Mrs. Curtis's Attorney.

Providence, R. I., Nov. 24.—James
H. Bassett, attorney for Mrs. Curtis,
has filed a bill of particulars in
the Curtis case has been filed.

Mr. Francis Colwell, attorney for
Curtis, says the case is dead. It
is understood Mrs. Curtis's attorney will
make less than what was first demand-
ed.

of action as follows: The attorney
